A number of factors need to be considered for the selection of the correct sized pulverizer. To be able to give you the best technical and economical quotation, we would ask you to complete the following questions:

1. TYPE OF PLASTIC:

MFI (Melt Flow Index)

---

2. SIZE OF REGRIND TO BE FED INTO THE PULVERIZER:

(ie. 3/8", 5/16", etc)

MACHINE CURRENTLY USING TO MAKE REGRIND?

---

3. WHAT PROCESS:

(ie. Extrusion, blow molding, etc)

---

4. SIZE OF POWDER DESIRED:

Mesh/Micron size

---

5. REQUIRED THROUGHPUTS PER HOUR:

---

6. ANY SPECIAL CHARACTERISTICS TO YOUR PARTICULAR MATERIAL:

(ie. Additives, fillers, etc)

---
